- 8. Seed content:** 0 *Seed content from 0-10 none-fully seeded.*
- 9. Weeks cured:** 6+ *If know the number of weeks your sample has been cured.*

Comment - This bud has been grown and cured to perfection giving off a lovely fruity floral aroma when broken up. The trichomes are very long stemmed with small but fat amber heads this strain hits you with so many aromas you cannot pin it down to one smell a very fruity number with a hint of blueberry is as close as I can get. The bud although cured to perfection still has a slight stickiness to it and grinds up great.
